|--|--|--|---|

Thorén K, 72  
Toomey KE, 113

## U

Urquhart N, 75

## V

Vandermeeren I, 23  
Vaughn ML, 138  
Väyrynen M, 15  
Vermund S, 190  
Virrankoski T, 20  
Vohra S, 58

## W

Wang S-P, 115  
Wasserheit JN, 194  
Webber MP, 190  
Weiss NS, 115  
Winter L, 30

Wise R, 87  
Wolner-Hanssen P, 90

## Y

Yliskoski M, 15  
Yooook C, 42  
Youssef RZ, 99

## INDEX OF SUBJECTS

## A

Abbott Testpack Chlamydia, for *C. trachomatis* (Reichart & others), 147  
Acquired immunodeficiency syndrome, risk reduction behavior for in homosexual men (Hook), 161  
in young adults (Cochran, Keidan & Kalechnstein), 80  
Amebiasis, asymptomatic, in homosexual men (Thoren & others), 72  
Antigen test, for *C. trachomatis* (Addiss & others), 138; (Reichart & others), 147, 138

## B

Bacterial vaginosis  
in oral contraceptive vs. IUD users (Avonts & others), 23  
recurrent, vulvovaginal candidiasis complicating (Redondo-Lopez & others), 51  
Behavioral research, on STDs (NIAID Study Group), 200

## C

Candidiasis, vulvovaginal, complicating recurrent bacterial vaginosis (Redondo-Lopez & others), 51  
Cefotetan, for gonococcal urethritis and cervicitis (Youssef & others), 99  
Ceftizoxime, single-dose, for gonococcal urethritis (Goldstein & Clark), 181  
Cerebrospinal fluid IgG index, in neurosyphilis diagnosis (Jones & others), 75  
Cervical human papillomavirus infection, in Finnish population (Syrjanen & others), 15  
Cervicitis, gonococcal, cefotetan for (Youssef & others), 99  
Chlamydial urethritis, in men, pivampicillin vs. doxycycline for (Lassus & others), 20  
*Chlamydia trachomatis*, monoclonal antibody detection of (Jawad & others), 87  
*Chlamydia trachomatis* infection  
Abbott Testpack Chlamydia for (Reichart & others), 147  
chlamydial culture vs. chlamydiazyme assay for, during erythromycin PCE treatment (Havlicek & others), 48  
non-culture techniques for (Addiss & others), 138  
in oral contraceptive vs. IUD users (Avonts & others), 23  
prevalence and epidemiologic correlates of, in urban and rural populations (Winter, Goldy & Baer), 30  
with trachoma biovar, spread and persistence of (Benes), 1  
and tubal factor infertility and ectopic pregnancy (Miettinen & others), 10  
in women attending urban midwestern family planning and community health clinics (Addiss & others), 138

## Condom

female, virus permeability of (Drew & others), 110  
natural membrane, virus leakage through (Lytle & others), 58

Condylomata acuminata  
in McIndoe neovagina (Haney), 102  
penile, laser therapy for  
with idoxuridine cream (Happonen & others), 127  
topical analgesia vs. local anesthesia for (Lassus, Kartamaa & Happonen), 130  
refractory, subcutaneous interferon alpha for (Paavonen), 152  
Confidentiality, in partner notification (CDC), 113  
Contact tracing  
for HIV infection, (Ramstedt & others), 37  
and confidentiality of index patient (CDC), 113  
Contraceptive devices, and uncomplicated genital infections (Avonts & others), 23

## D

Diloxanide furoate, for asymptomatic amebiasis, in homosexual men (Thoren & others), 72  
Direct fluorescence antibody testing, for *C. trachomatis* (Addiss & others), 138  
Doxycycline, versus pivampicillin, for male chlamydial urethritis (Lassus & others), 20  
Drug use, and syphilis epidemic, in Connecticut (Farley, Hadler & Gunn), 163

## E

Ectopic pregnancy  
and *C. trachomatis*, *N. gonorrhoeae*, and *M. hominis* infection (Miettinen & others), 10  
STDs and (Sherman & others), 115  
EMLA cream, versus local anesthesia, for penile condylomata acuminata laser therapy (Lassus, Kartamaa & Happonen), 130  
Enzyme immunoassay, for *C. trachomatis* (Addiss & others), 138; (Reichart), 147

## F

Finland, cervical human papillomavirus infection in (Syrjanen & others), 15

## G

Genital herpes, *See* Herpes simplex virus  
Genital ulcer disease, clinical diagnosis of (Dangor & others), 184  
Genital warts  
in McIndoe neovagina (Haney), 102  
penile, laser therapy for  
with idoxuridine cream (Happonen & others), 127  
topical analgesia vs. local anesthesia for (Lassus, Kartamaa & Happonen), 130  
refractory, subcutaneous interferon alpha for (Paavonen), 152  
Gonococcal cervicitis, cefotetan for (Youssef & others), 99

## Gonococcal urethritis

- cefotetan for (Youssef & others), 99
- single-dose ceftizoxime for (Goldstein & Clark), 181

## H

## Herpes simplex virus

- Thai isolates of, restriction endonuclease analysis of (Chantratita & Yoosook), 42
- unrecognized, infection with, prevalence of, in women (Koutsky & others), 90

## Homosexual men

- asymptomatic amebiasis in (Thoren & others), 72
- behavioral relapse among (Hook), 161
- STD trends in, in King County, Washington (Handsfield & Schwebke), 211

## Human immunodeficiency virus infection

- contact tracing for (Ramstedt & others), 37
- confidentiality of index patient in (CDC), 113
- serological testing for
  - in inner-city prenatal clinic (Barbacci & others), 122
  - mandatory (Lee & others), 169
  - routine voluntary (Erickson & others), 194
  - scope of (Handsfield), 159
- in syphilis-positive persons (Schoenbaum & others), 190

## Human papillomavirus infection, cervical, in Finnish population (Syrjanen &amp; others), 15

## I

## Idoxuridine cream, with laser therapy, for penile condylomata acuminata (Happonen &amp; others), 127

## IgG index, cerebrospinal fluid, in neurosyphilis diagnosis (Jones &amp; others), 75

Infertility, tubal factor, and *C. trachomatis*, *N. gonorrhoeae*, and *M. hominis* infection (Miettinen & others), 10

## Interferon alpha, subcutaneous, for refractory condylomata acuminata (Paavonen), 152

## Intrauterine devices, and uncomplicated genital infections (Avonts &amp; others), 23

## L

## Laser therapy, for penile condylomata acuminata

- with idoxuridine cream (Happonen & others), 127
- topical analgesia vs. local anesthesia for (Lassus, Kartamaa & Happonen), 130

## Lidocaine/prilocaine cream (EMLA), versus local anesthesia, for penile condylomata acuminata laser therapy (Lassus, Kartamaa &amp; Happonen), 130

## M

## McIndoe neovagina, condylomata acuminata in (Haney), 102

## Metronidazole, for asymptomatic amebiasis, in homosexual men (Thoren &amp; others), 72

Monoclonal antibody, for *C. trachomatis* detection (Jawad & others), 87*Mycoplasma hominis* infection, and tubal factor infertility and ectopic pregnancy (Miettinen & others), 10

## N

## National Institute of Allergy and Infectious Diseases (NIAID), expanded support for STD research (NIH), 154

*Neisseria gonorrhoeae*

- acquisition of  $\beta$ -lactamase and TetM-containing conjugative plasmids by (Sarafian & others), 67

- antimicrobial susceptibility of, in Zimbabwe (Mason & others), 63
- penicillin-resistant, management of in low-prevalence areas (Nettleman, Smith & Moyer), 175

*Neisseria gonorrhoeae* infection, and tubal factor infertility and ectopic pregnancy (Miettinen & others), 10

## Neovagina, McIndoe, condylomata acuminata in (Haney), 102

## Neurosyphilis, diagnosis of, oligoclonal banding and CSF IgG index in (Jones &amp; others), 75

## Non-gonococcal urethritis, declining incidence of, and sex education (Frisch &amp; others), 7

## O

## Oligoclonal banding, in neurosyphilis diagnosis (Jones &amp; others), 75

## Oral contraceptives, and uncomplicated genital infections (Avonts &amp; others), 23

## P

## Partner notification

- for HIV infection (Ramstedt & others), 37
- and confidentiality of index patient (CDC), 113

## Penile condylomata acuminata, laser therapy for

- with idoxuridine cream (Happonen & others), 127
- topical analgesia vs. local anesthesia for (Lassus, Kartamaa & Happonen), 130

## Pivampicillin, versus doxycycline, for male chlamydial urethritis (Lassus &amp; others), 20

## Pregnancy, ectopic

- and *C. trachomatis*, *N. gonorrhoeae*, and *M. hominis* infection (Miettinen & others), 10
- and STDs (Sherman & others), 115

## Prostitution, and syphilis epidemic, in Connecticut (Farley, Hadler &amp; Gunn), 163

## R

## Reproductive health practices, of women attending STD clinic (Horn &amp; others), 133

## Risk reduction behaviors, for STD

- in homosexual men (Hook), 161
- in young adults (Cochran, Keidan & Kalechin), 80

## S

Seminal fluid, dog vs. human, *Trichomonas vaginalis* survival in (Daly & others), 106

## Sex education, and declining incidence of nongonococcal urethritis (Frisch &amp; others), 7

## Sexually transmitted disease clinic

- HIV serological testing in
  - mandatory (Lee & others), 169
  - routine voluntary (Erickson & others), 194
  - scope of (Handsfield), 159

- inner-city, reproductive health practices of women attending (Horn & others), 133

## Sexually transmitted diseases

- behavioral research on (NIAID Study Group), 200
- research on, expanded NIAID support for (NIH), 154
- risk reduction behavior for
  - in homosexual men (Hook), 161
  - in young adults (Cochran, Keidan & Kalechstein), 80
- and tubal pregnancy (Sherman & others), 115

## STD/HIV Prevention Annual Report (CDC), 216

## Syphilis

epidemiology of, in U.S. Navy and Marines (Dembert, Finney & Berg), 95

HIV infection in (Schoenbaum & others), 190

increased incidence of, and drug use and prostitution, in Connecticut (Farley, Hadler & Gunn), 163

neurologic, diagnosis of, oligoclonal banding and CSF IgG index in (Jones & others), 75

## T

Thailand, genital herpes simplex virus isolates in, restriction endonuclease analysis of (Chantratita & Yoosook), 42

Tinidazole, for asymptomatic amebiasis, in homosexual men (Thoren & others), 72

Topical analgesia, versus local anesthesia, for penile condylomata acuminata laser therapy (Lassus, Kartamaa & Happonen), 130

*Trichomonas vaginalis*, survival of, in dog vs. human seminal fluid (Daly & others), 106

Tubal factor infertility, and *C. trachomatis*, *N. gonorrhoeae*, and *M. hominis* infection (Miettinen & others), 10

## Tubal pregnancy

and *C. trachomatis*, *N. gonorrhoeae*, and *M. hominis* infection (Miettinen & others), 10

and STDs (Sherman & others), 115

## U

## Urethritis

chlamydial, in men, pivampicillin vs. doxycycline for (Lassus & others), 20

## gonococcal

cefotetan for (Youssef & others), 99

single-dose ceftizoxime for (Goldstein & Clark), 181

non-gonococcal, declining incidence of, and sex education (Frisch & others), 7

U.S. Navy and Marines, syphilis epidemiology in (Dembert, Finney & Berg), 95

## V

## Vaginitis, bacterial

in oral contraceptive vs. IUD users (Avonts & others), 23

recurrent, vulvovaginal candidiasis complicating (Redondo-Lopez & others), 51

Vulvovaginal candidiasis, complicating recurrent bacterial vaginitis (Redondo-Lopez & others), 51

## W

Warts, genital. See genital warts.

## Z

Zimbabwe, *N. gonorrhoeae* antimicrobial susceptibility in (Mason & others), 63
